AFFIDAVIT OF GEORGE MONTRELLE WILSON

State of Michigan
Oakland County

I, George Montrelle Wilson, attest that my statements are true to the best of my knowledge.

Comment round for ET Docket No. 03-137 and WT Docket No. 12-357.

1. My name is George Montrelle Wilson. My address is 560 Albany St., Ferndale, MI 48220.
2. I am a health store Sales Associate for Better Health Market, Sterling Heights
3. My concerns with electromagnetic radiation sensitivity began when I found out about the radiation that is emitted from cell phones. The second I found out about the waves it produces, it started a chain of thinking, understanding, and awareness. I no longer use microwaves, I rarely carry my phone in my pocket, and I understand the prolonged exposure to electronic emissions and keep what harmful things I can help out of my proximity. I notice when I've been in a neighborhood with power lines and generators compared to being outside of urban electrical settings now.

Working at a health food store had brought many things to my attention concern health and wellness, and how our environments and natures interact with our human system. I'm for prolonging life and aiding in causes that assist in benefitting our communities and planet, not those of detriment. Regulations on the electromagnetic exposure should be supported by all, for we all should want to sustain our lives and the lives of those around us.

Respectfully submitted by

George Montrelle Wilson
